

**Black Tiger prawns are the largest commercially available size prawns. Though grey & black when raw, the prawns get a beautiful red colour when cooked.**

**Black Tiger prawns are cultivated in tropical seawater. The availability is decreasing due to the popularity of vannamei shrimp aquaculture.**

## Product Information

Scientific name:	<i>Penaeus monodon</i>
Origin:	Farmed in India, Bangladesh, Indonesia, Vietnam
Composition:	80% prawns + 20% protective glaze
Size:	4-6; 6-8; 8-12; 13-15; 16-20; 21-30 pcs/kg
